

New Mexico Nonpublic Schools

New Mexico nonpublic schools are listed in this directory in the order of the public school districts in which they are located. Nonpublic Schools, accredited by the Public Education Department through an approved educational accrediting agency must meet the educational standards of the agency. Accredited schools appear in **bold print** and the respective accrediting agency appears under the column heading of **Accredited**. The enrollment listed in the **Students** column indicates the number of students reported on the fortieth (40th) day of the previous school year.

Nonpublic schools which are not accredited are **recognized** by the PED as private schools when the schools submit attendances reports to the NM PED.

Note: If a school's fax number is the same as the telephone number, call before faxing.
